SVH would be the reference lab for PDH. Accounting, Billing, Materials Management, and Admitting would be completely implemented for the components of meaningful use by January 14, 2013. Consolidated the reimbursement function with MGH. The current Accounting Director at PDH would take over the reimbursement and cost accounting for SVH. He continued to report that the McKesson system was \$400,000 and met with McKesson and discussed converting the capital purchase to an operating format taking the cost and expanding it over a five-year period as an operating expense between \$30,000 - \$40,000 a year for both hospitals, therefore, significantly inexpensive and would give SVH not only a cost accounting system, but a very robust reporting system where data could be implemented quickly. The audit to Moss Adams had been completed with no audit adjustments. Over-accrued on workers' compensation and under-accrued on supply costs. Mr. Reid mentioned implementing the monthly operating review meetings with the Directors of each department at the Hospital to review of what their budget variances are and how to get back on budget.
